(Shakespeare's "Much Ado About Nothing.")

Without wishing to be egotistical we can echo this sentiment of Shakespeare. We know what belongs to a Watch. The Dueber-Hampden Watch Works, Canton, Ohlo, is the only factory in the world where a complete watch (case and movement) is MADE AND WAR-RANTED.

WATCHES Not to be on time is an indulgence no 20th Century business man can afford. Time is money. It is more than that; it is the stuff that eternity is made out of.

THEY ARE "LEVER SET" AND CANNOT "SET" IN THE POCKET, and every watch is so marked that any one can tell its quality. No dealer can deceive you when you purchase a Dueber-Hampden Watch. Look for the name Dueber in the case. Look for these trade marks engraved on the movements:
